Subject: Re: Discuss Emery Cove Survey at 2/21 DMMO Meeting?
Date: Tuesday, February 20, 2018 3:17:14 PM

Hi Jim,

Think it is fine to have Mr. Curtin come after the Richmond projects, at 1 or 1:30pm. Richmond projects may not need more than 30 min each and this allows a lunch break. I am also fine with bringing lunch and powering through.

See you tomorrow!

I spoke with Martin Curtin this morning. I think if he's going to come to tomorrow's meeting to give us an update then we should let him know a time and not have him sit through the Richmond projects. I also don't want to bump the Richmond projects until later and let Mr. Curtin go first. Should we tell him 1:30pm? And we all plan for lunch accordingly (or bring lunch and power through?). I let Mr. Curtin know that I would follow up with him by the end of the day today on the matter.

Jim

He is just coming to update the group on the post dredge survey situation. I don't know that we need information to have him come and tell us what's up at Emeryville.

Brenda

Hi All -

Just back in the office and reading this string of emails. Debra will be on leave all week so she cannot fill me in on the situation directly. I would like to know your thoughts on having Martin Curtin attend the DMMO meeting. Obviously it's a public meeting, but do we all have the information needed to have a productive conversation? I'm not sure about some of you, but I still don't have hard copies of the Richmond projects, so today is going to be a busy day prepping for our meeting.

Please let me know if I should ask Mr. Curtin to hold-off. It sounds like on Friday they had another survey done, so that may make this entire discussion moot.

I will be in a meeting from 10-11am today, but hopefully we can sort this out quickly. Thanks.

We will be at the meeting tomorrow. Can you confirm the meeting is at 11AM at 455 Golden Gate Ave., Suite 10600, San Francisco 94102?

Thank you,

Martin Curtin

Subject: Discuss Emery Cove Survey at 2/21 DMMO Meeting?

Hi Everyone,

I just got off the phone with Martin and understand that he has been in contact with many of you. I suggest that we schedule discussion of the Emery Cove survey and potential over dredging at the beginning of DMMO meeting on the Feb 21 and then go through the Corps' Richmond projects so we all hear the same information and can come up with a joint strategy on how to resolve any issues.

Sincerely,

Debra

Subject: [Non-DoD Source] Emery Cove Marina, Maintenance Dredging, File No. 2015-0093A

Ms. O Leary:

It has come to our attention that there are possible discrepancies with survey data furnished for project Emery Cove Marina, Maintenance Dredging, File No. 2015-0093A. We have engaged eTrac to conduct a third-party survey of the entire project area on Friday February 16th, 2018. We will share the survey results as soon as we receive the data. We would like to set up a meeting with your office as soon as possible. I called a left you a voicemail about this matter. You can reach me at my cell phone number below.

Martin Curtin
